Community Dashboard Trainings

Join a Learning Session in June

Data gives us the opportunity to better understand the lives of all our community members. It helps us be data-informed, inclusive, and equitable in the ways we seek to increase child and family well-being as part of a strategic 2Gen-informed approach.

Join us for a training on the [Community Indicators Dashboard](#). The Dashboard provides insights for philanthropy, nonprofit organizations, businesses, government, and learning institutions to guide informed decisions utilizing data from reputable sources set in local context.

What You'll Learn:

- Dashboard data points, interactive charts, maps and visualizations related to county profiles, education, economy, health, and housing
- Discuss ways to use the Dashboard for program and service development, grant applications, building awareness with stakeholders, research, content development and more
- How to download content and embed them to reports, communications or grant applications

Session Dates & Locations:

- 9:30am - 10:30am, June 4, 2024
 - Goodwill, 1701 E Oak St, Arcadia, FL 34266
